 - 1.2.2 **Adults** From 18 to 65 - 1x Share @ R500 and R200 Bank Membership fee to the Co-Op Bank - Total R700
 - 1.2.3 **Pensioners** over 65 and people 60 and over that can prove they are on SASA -
1x Share @ R500 for 1 Share and R50 Bank membership fee to the Co-Op Bank Total R550

2. KasiHub (App / Web App)

KasiHub is the central point of the Hybrid Ecosystem consisting of the 5 x 6 Ecosystem and KasiPool. Members join with unique links received from upline or bulk registration through the efforts of the KasiHub bringing huge groups. The members will be placed in a forced 5 x 6 structure (Ecosystem). There is a monthly subscription to be a member of the KasiHub of R140. This subscription will be paid into:

SOLIDUS HOLDINGS (PTY) LTD, FNB
Account Type GOLD BUSINESS ACCOUNT
Account Number 63212306319
Branch Code. 210835

Each paid member of the Hub will be eligible to earn from the 5 x 6 Structure of which R47 of each Membership payment will be paid up 6 levels in the structure.

The forced structure is filled from top left to bottom right, filling the first open position. It is not required to recruit to be eligible to earn from KasiHub.

Each paying member is also entitled an equal share in the KasiPool. The KasiPool consists of profits generated after deductions from the KasiMalls and KasiMarketPlace and the difference in Membership payments explained later in this document. .

All allocated profits go into the KasiPool and shared equally between all eligible Hub members and paid into their various Roots Bank accounts every night at 12 PM SAST (Can this be sent to members personal Bank accounts until Roots Bank is established)??

Roots Bank Accounts are opened for each Hub member to receive commission payments, KasiPool share and to facilitate payments at the KasiMalls. Each Member will receive a NFC Tag to be used exclusively at the KasiMalls and a VISA Card that can be utilized at any other VISA paypoint.

3. KasiMarketPlace

The KasiMarketPlace is a virtual Market Place to purchase additional products and or services by third party service providers. Members can order and pay for these through the KasiHub UI using the linked Roots Bank accounts.

- 3.1. There will be buttons on the UI to access the various service providers profiles and select products and/or services. Members will then also be able to pay with available funds from their Roots Bank accounts.
- 3.2. Each product or service will incur a commission, Kick Back, Cashback or discount from the various service providers. After deductions all remaining profit will be paid into the KasiPool

4. KasiShares

Class B KasiShares are sold by SOLIDUS HOLDINGS (PTY) LTD exclusively on the KasiHub App starting in Phase 1 at \$25 per share. **Please note the shares are a private offering and not open to the public.**

During Phase 1 **Buy One Get One Free Share Special.**

The income from shares will be used for the construction of the malls and operational costs.

The shares will be sold in phases with a set amount of shares per Phase at a set price per share per Phase. The next Phase will kick in when all shares in the previous Phase have been sold.

Phases

Phase	Qty	Price of Share	Gross		Comms	Netto

KasiShare owners will be eligible for dividend payouts as well as a daily share in profits generated at the KasiMalls. The profits are paid into a KasiSharePool. Each shareholder must maintain KasiHub membership to receive dividends and daily payments paid out to their Linked Roots CO-OP Bank account.

- 4.1. Dividends will be declared from time to time by KasiMall
- 4.2. Daily percentage of profits at KasiMall will be shared between all sold shares and divided equally.
- 4.3. Share certificates will be digitally issued and as a member purchases more shares a previous certificate is revoked and a new one is issued.

5. KasiMall (Second Phase)

The KasiMalls will be built in designated areas once a minimum of 5000 registered KasiHub members in the area. The Malls are owned and built by KasiMall Company. Various shops also owned and managed by KasiMall will be in all malls.

- 5.1. All revenue generated through the KasiMall will be payable through the NFC Tag. This will be a Cashless Mall. (Is there a tag to provide to JP to test with the program)
- 5.2. All Payments done at the mall with the tag will be split immediately in the various "Silo's" i.e Cost of sale (Suppliers), VAT, SharePool and KasiPool (These silo's and the splits should be provided to JP so that he can provide the % split. JP should also provide an editable table so that if these % should be updated this can be done by one or two of the Exco and the program does not have to be changed.)

6. User Interface

The User Interface must be simple, user friendly, easy and not complicated to use. The whole KasiHub must be managed using the UI. It must have various Windows for different categories.
